

## Driver Pass

needs:  
provide students w/ access to  
online practice exams and  
on-the-road training to better prepare them

## From interviews

fill a void in the market - training students  
for the driving test at their local DMV

## Vision

a need for better driver training  
so many people are failing  
to take online classes and practice tests  
provide on-road training if they wish  
online and offline access to data  
offline as downloading reports to work  
write offline

Security  
Employee rights -  
full access to Jan over a  
to reset or remove  
tracking changes in the system  
know who made reservation  
canceled  
modified

Print an activity report and figure out respa

Reservation  
customer is able to make RSVP  
Lesson is 2 hrs long  
Customer indicate time and date to take  
online RSVP! Login or call or visit  
match driver with customer

## Driving appointments

10 cars → 10 drivers

## Packages

driving  
lesson = 2 hrs  
if 6 hrs = 3 sessions

1 - 6 hrs in a car w/ trainer

2 - 8 hrs in a car w/ trainer

DMV Rules

12 hrs + car + trainer + lesson + extra

+ access to online class material

+ tests

ability to customize packages

- remove
- add
- modify
- disable

ability to reset user password automatically

## Registration

call → employee fill form

Name &

Name last

Address, state

Phone

id card, exp, security code

keep location

off location

Compliance  
Keeping up w/ DMU  
connection to DMU require  
DMU update w/ new rule  
notification on update

Interface  
web - over the cloud  
no need for backup and security  
minimize technical problems

Look provided design  
test → new state, score, status  
• input form for info not take  
filled w/ cust or secretary  
- contact us page  
→ passed  
→ failed
